Dear Sir

Re: Tariff Classification Opinion - Passion fruit Pulp

Reference is made to your application for Tariff Classification opinion on the above product.

After perusing the literature and sample of the plastic pouch pack Passion fruit pulp, we have established that the description of the item is appropriately classified under the heading 20.08

The Passion fruit Pulp gives a very strong exotic flavor and a brighter orange colour. Passion fruit pulp contains a lot of water and vital nutrients and seeds that are edible and added with syrup as a sweetening

Thus In our opinion passion fruit pulp should be appropriately classifiable under **HS 2008.99.00**

Yours faithfully,

Joana Duabaubau
