Dear Sir/Madam

Re: Tariff Classification Opinion - OSO Glad Food Wrap

Reference is made to your application for Tariff Classification opinion on the above product.

After perusing the literature and sample of the Glad Food Wrap, we have established that the description of the item is appropriately classified under the heading 3920.10.

The Glad Cling Wrap is a thin plastic of non polyvinyl chloride (Non PVC) created from low density polyethylene (LDPE) with more tensile strength of the film and does not contain the traces of potentially toxic additives.

Thus in our opinion Glad Cling Wrap shall be appropriately classifiable under **HS 3920.10.10**

Yours faithfully,

Asenaca Naucukidi
