Dear Sir,

Re: Tariff Classification Opinion on 3.2M UV Digital Roll to Roll Printer

We refer to your application for tariff classification opinion on the above item which was lodged by your company on behalf of your client Signz Plus Co Ltd.

According to the pamphlets and information submitted 3.2M UV Digital Roll to Roll Printer is a device that must be connected to a computer to print items on paper. It uses bulk head ink system and is used for large commercial digital printing.

In our opinion 3.2 M UV Digital Roll to Roll printer is appropriately classifiable under Tariff Item **8443.32.00**. The effective date of this classification opinion shall be the date of this letter.

I hope the above clarifies Tariff Classification opinion on the above product.

Yours faithfully

Ritesh Naicker
For Chief Executive Officer
