Dear Sir

RE: Tariff Opinion "Digital Multifunction Device Parts"

We refer to your application for tariff classification opinion for Digital Multifunction Device Parts.

The sample provided revealed that Upper feeder assy, Fuser Assy, Solenoid Pick Up, Chute Assy and Cover Top are parts of the device of multifunction machine.

In our opinion these items are appropriately classifiable under tariff item 8443.99.00.

We hope the above decision clarifies your doubt and for any clarification please liaise with our Tariff and Trade Division, Suva.

Thank you.

Yours faithfully
