Dear Sir,

Re: Tariff Classification Opinion on Garden Hose

We refer to your application for tariff classification opinion on the above item which was lodged by your company on behalf of your client Consolidated Manufacturing.

We have examined the sample submitted and found that the Garden hose is made of 100 % PVC plastic. Its flexible green in colour and has burst pressure of below 27.6 MPA.

In our opinion Garden Hose is appropriately classifiable under Tariff Item **3917.31.90**. The effective date of this classification opinion shall be the date of this letter.

I hope above clarifies any doubt regarding the classification of the above product.

Yours faithfully

Monika Anand

For Chief Executive Officer
