Re: Tariff Classification Opinion – FHL HD Media Player

We refer to your application for tariff classification opinion for FHL HD Media Player on behalf of your client Bondwell Computers.

Noontec Movie Home A3 is a media player that can be used for home audio and video mode. It's a reproducing apparatus designed only to reproduce images such as movies, photos etc and sound directly on a television receiver, using USB external DVD drive play. Through the external USB drive that can play DVD discs also copy DVD disc content to hard disk for data back up operations.

In our opinion the FHL HD Media Player is appropriately classifiable under Tariff item **8521.90.00**

I hope the above clarifies your doubt regarding classification of the above product.

Yours faithfully

Monika Anand
for Chief Executive Officer
