Dear Sir,

**Re: Tariff Classification Opinion on Helix Micro Bar**

We refer to your application for tariff classification opinion on the above item which was lodged by your company.

According to the sample submitted, Helix Micro Bar is a short, twisted and polygonal shaped galvanized wire added to concrete during mixing. The shape and twist maximize both the frictional and mechanical bonds between Helix and cement based matrix.

In our opinion Helix Micro Bar is appropriately classifiable under Tariff Item **7229.90.00**. The effective date of this classification opinion shall be the date of this letter.

I hope the above clarifies Tariff Classification opinion on the above product.

Yours faithfully

Monika Anand

**For Chief Executive Officer**
