Dear Sir

Re: Tariff Classification Opinion – Marine grade electrical cables

We refer to your application for tariff classification opinion for marine grade electrical cables on behalf of your client Baobab Industries Ltd.

According to the samples provided these are marine cables made of copper wire tinned and have rubber insulations. The cables are for voltage not exceeding 1000 Volts specially made for marine use.

In our opinion the marine grade cables are appropriately classifiable under Tariff item **8544.49.00**

I hope the above clarifies your doubt regarding classification of the above products.

Yours faithfully

Inayat Hussain

For Chief Executive Officer
