Dear Sir

Re: Tariff Classification-Milo RTD (Ready to Drink)

Reference made to your application dated 23 May 2008 wherein seeking our opinion on the above.

Examination of the sample submitted the product contains; sucrose, milk, malt extract, maltodextrin, cocoa, milk fat, palm olein oil, minerals and vitamins, soya lecithin and stabilizers and as such appropriately classified in **HS Code 2202.90.00** as ready to drink beverages.

We hope the above decision clarifies your doubt and please liaise with our Tariff and Trade Division, Suva for clarification.

Thank you.

Yours faithfully
