Re: Tariff Classification Opinion – PVC Vinyl Mesh Material

We refer to your application for tariff classification opinion for PVC Vinyl Mesh material on behalf of your client Brainbridge Int'l.

According to the samples provided it is the sun sure mesh fabric which is PVC Vinyl light Polyester mesh material. The material is in cellular form and imported in rolls which will be used in manufacture of boat canopy.

In our opinion the PVC Vinyl mesh material is appropriately classifiable under Tariff item **3921.12.90**

I hope the above clarifies your doubt regarding classification of the above product.

Yours faithfully

Monika Anand
