Dear Sir

Re: Tariff Classification Opinion-Rubber Mouse Pad

Reference made to your application dated 11 June 2008 wherein seeking our opinion on the above.

Examination of the sample provided revealed that this item in question (mouse pad) is made of cellular rubber with one side coated with fabric therefore this item is correctly classified under **HS-4016.99.90**.

We hope the above decision clarifies your doubt and for any clarification please liaise with our Tariff and Trade Division, Suva and please make arrangement to collect the sample that was provided with your application.

Thank you.

Yours faithfully
